## XAM420 Professional Personal Scale

NUWEIGH's Professional Personal Scale uses four precision load cells for high accuracy readings.

Four precision load cells

Auto OFF function for power saving

Hold and BMI function

Non-slip platform

Reads in both kgs or lbs

Lightweight and portable structure

9V power adapter or 4 x A4 battery

**Accurate  
Weight  
Readings**

Model	Capacity	Resolution	Platform Size	Inv. Number
XAM420	250kg	100g	300 x 350mm	36608

### "2 scales in 1"

Easily weigh mother and infant separately. This scale will weigh adult 250kg by 100g then reset to weigh an infant 20kg by 10g whilst held by an adult.

**Dual sided display** at 26mm allows both patient and practitioner to view reading

**ALWAYS FOLLOW THE DIRECTIONS FOR USE**
